

Business Analysis Leader with AI Certified (BALC™)

Overview

The Business Analysis Leader with AI Certified (BALC™) course is tailored for seasoned professionals who are responsible for designing solutions, facilitating stakeholder engagement, and optimizing organizational performance through Business Analysis. It focuses on advanced techniques, decision modeling, and cross-functional communication—enabling analysts to lead large, cross-departmental projects.

**The pass rate for the BALC examination indicates the percentage of candidates who attempted all the questions and passed on their first attempt.

Exam Format

- Multiple choice
- 120 questions per exam
- One mark awarded for every right answer
- No negative marks for wrong answers
- 150 minutes duration
- Proctored online exam.
- Current pass rate: 96%

Audience Profile

This certification is ideal for senior Business Analysts, solution designers, and professionals leading strategic, cross-functional initiatives within their organizations.
